access to other Spruce lifts and base

**HIGH HAZARD AREA**  
In the summer of 2014, a severe microburst hit this portion of the Mansfield State  
Forest. While ALL off-designated-trail skiing & riding presents increased risks and  
hazards, this area contains extremely hazardous fallen trees, roots, unstable terrain,  
debris and unseen openings.  
WE STRONGLY WARN THAT YOU DO NOT SKI OR SNOWBOARD IN THIS AREA DUE THE  
ADDED RISKS CAUSED BY THE STORM DAMAGE.

**SKI AREA BOUNDARY**  
The area beyond this boundary is hazardous backcountry terrain, containing  
unmarked hazards such as cliffs, thick brushy terrain, riverbeds, stumps,  
rocks & avalanches. This area is not patrolled or maintained.  
VT law states that a person who uses ski area facilities to access terrain that  
is outside the open & designated trails shall be liable for any costs of rescue,  
medical or other services.
